

PARCEL PRO™

A UPS Capital Company

Parcel Pro's website is tailored specifically to meet the insured shipping needs of the jewelry industry.

- **Express Address Book**

The Express Contact drop-down feature allows you to streamline your shipping; the address automatically populates when you select an intended recipient.

- **Frequent Recipient Listing**

We offer a toolbar with your most frequent ship-to locations for quick processing.

- **Visibility for Goods Shipped**

Our website allows you to view and search recent and past shipments, follow transit progress, and access delivery information without having to contact the carriers.

- **Email Shipping Labels**

When you need to send a shipping label for the occasional drop shipment, traveling salesperson, or return item, you can easily create and email a shipping label.

- **Multiple Ship-From Locations**

Parcel Pro's website offers the ability to create multiple ship-from locations, allowing users to select alternate shipping locations from a drop down menu.

- **Vendor/Guest accounts**

Vendor/guest accounts enable your vendors to create shipping labels without giving them access to other information on the site such as your address book or shipping records. You are able to control the transportation mode and maximum coverage and gain visibility of where the goods are shipped from and when they are received.

- **Parcel Pro Notify**

This feature allows you to create custom, branded emails to notify customers of upcoming shipments. The email masks the tracking number to mitigate risks of fraud, yet still provides the recipient with detailed tracking information.

- **AES Integration for Export Shipments**

Parcel Pro customers sending export shipments from the U.S. and using parcelpro.com can take advantage of free, automated export declaration.

- **E-invoice**

Parcel Pro sends invoices via email and makes billing statements available through your member account at www.parcelpro.com. Save time and postage, avoid late fees, and make the eco-friendly decision to go paperless.

- **Bill Pay Online**

The fast, convenient, and secure method for paying your bills online—no envelopes, no stamps, no delays! Manage your account and avoid late fees by processing your payments online, 24 hours a day, and 7 days a week.
