Atlanta, February 25, 2015

## UPS Capital's President Highlighted as Leading Supply Chain Executive

UPS Capital<sup>®</sup>, a business unit of UPS<sup>®</sup> that helps customers manage risk and provides financial, insurance and payment services, announced today the company's president, Ronald Chang, has been named one of the Pros to Know award winners in *Supply & Demand Chain Executive* magazine. The magazine is an international business-to-business publication that addresses supply chain-related issues and challenges, and recognizes industry leaders with the annual Pros to Know award.

"Ronald Chang has more than two decades of domestic and international experience with UPS<sup>®</sup> and was named president of UPS Capital in September 2014," said Teresa Finley, UPS senior vice president of global marketing. "He is using his international experience in finance, global supply chains, and mergers and acquisitions to lead new product development and global footprint expansion of UPS Capital."

The Pros to Know awards recognize supply chain executives, as well as manufacturing and non-manufacturing enterprises that are leading initiatives to help prepare their companies' supply chains for the significant challenges of today's business climate. This year's list includes the 2015 Provider Pros to Know—individuals from software firms and service providers, consultancies or academia, who have helped their supply chain clients or the supply chain community at large prepare to meet these challenges—and Practitioner Pros, who do the same within their own companies.

The full list of 2015 Pros to Know award winners was announced earlier today on [www.sdexec.com](http://www.sdexec.com). The expanded awards coverage and winners list will appear in the March 2015 issue and on the magazine's website.
